INTRO

The Guilds of the Nexus are various factions of violent and deranged outlaws that wage eternal guild wars on the streets of the Nexus. These guilds are joined by mercenaries which are not bound to any particular guild, and which fight for anyone that can provide riches or a worthy cause.

SPECIAL RULES

Deathstrike(X): If this model is killed in melee, the attacking unit takes X hits.
Fragment: Ignores Cover, and against units where most models have Defense 2+ to Defense 4+, this weapon gets AP(+1).
Gloom-Mist: When units where all models have this rule are shot or charged from over 9" away, enemy units get -1 to hit rolls.
Gloom-Mist Boost Aura: This model and up to 3 nearest friendly units picked before the start of the game get Gloom-Mist Boost. If this model is killed, picked models that are deployed lose the rule.
Grounded Stealth: If a unit where all models have this rule has most of them within 1" of terrain, enemies get -1 to hit rolls when attacking them.
Melee Shrouding Aura: This model and up to 3 nearest friendly units picked before the start of the game get Melee Shrouding. If this model is killed, picked models that are deployed lose the rule.
Rending when Shooting Aura: This model and up to 3 nearest friendly units picked before the start of the game get Rending when shooting. If this model is killed, picked models that are deployed lose the rule.
Repel Ambushers: Enemy units using Ambush must be set up over 12" away from this model's unit.
Slayer Mark: Once per activation, before attacking, pick up to 4 enemy units within 18", which friendly units gets Slayer against once (next time the effect would apply).
Takedown Strike: Once per game, when this model attacks in melee, you may pick one model in the unit as its target, and make one attack at Quality 2+ with AP(2) and Deadly(3), which is resolved as if it's a unit of 1.
Teleport: Once per activation, before attacking, place this model anywhere fully within 6" of its position.
Teleport Aura: This model and up to 3 nearest friendly units picked before the start of the game get Teleport. If this model is killed, picked models that are deployed lose the rule.
Unpredictable Fighter: When in melee, roll one die and apply one effect to all models with this rule: on a 1-3 they get AP(+1), and on a 4-6 they get +1 to hit rolls instead.
Versatile Attack Aura: This model and up to 3 nearest friendly units picked before the start of the game get Versatile Attack. If this model is killed, picked models that are deployed lose the rule.
