INTRO

The Mummified Undead command a massive army of undying skeletons and mummies. They are supported by great constructs made of bone and rock, animated by their Gods.

These undead creatures are the shambling corpses left behind when their once prosperous Kingdoms collapsed. When the Desert Gods were driven from the underworld by the Gods of Havoc, their followers were barred from the afterlife. Since then, their souls have been shackled to their lifeless bodies. Only their new Queen offers them the hope of final death.

BACKGROUND STORY

The Mummified Undead were once a Human kingdom in the southern desert lands of Tyria. These people worshipped the Desert Gods, powerful beings which existed at the source of the great river which flowed between the world of the living and the dead. Protected from invasion by great swathes of desert, the Kingdom prospered for generations in the south.

The Kingdom's fortunes changed with the arrival of the Havoc Gods. The Havoc Gods sought out the Desert Gods and their Underworld, hoping to seal off death itself from Tyria. The Desert Gods tried to fight back, but were defeated. The Gatekeeper, who guarded the passage between the world of the living and dead, was slain, and the god's blood poisoned the river passage between worlds. Since that moment, any soul that tried to pass on would be trapped in the poisoned river between worlds, existing in a state of constant agony.

The remaining Desert Gods gave their priests Soul Gems, which could bind souls to their bodies. The Gems' magic preserved the bones, allowing souls to linger even after their bodies had withered away to old age or injury. The Priests developed a form of mummification to allow people to preserve some part of their bodies. Those who could afford such treatments sought them out, while others slowly saw their flesh fall away until all that remained was bone.

The Kingdom collapsed in the wake of the curse, as once vital farmlands lay barren and people fell into despair. The Mummified Undead were ruled over by a variety of lesser kings and petty tyrants who began to carve out kingdoms throughout the land. This led to a long era of civil war, as no one held the means to claim a final victory and reunite these lands into a single Kingdom.

This changed with the arrival of a powerful sorceress from the north, claiming to be the heir of a mighty Empire. She approached the priests and kings of the land and promised that she alone had the power to discover a means to break their curse and bring them true death. Impressed with her power, her allies declared her the Tomb Queen, and soon reunified the realm under her rule, reigning over a variety of petty kingdoms and cultures which have emerged along the sacred river.

Now, the Tomb Queen looks north to her former home. How will you embrace true death?

Name [size]	Qua	Def	Equipment	Special Rules	Cost
Skeleton Leader [1]	6+	6+	Hand Weapon (A3)	Hero, Royal Legion, Tough(9)	25pts
Royal Champion [1]	6+	6+	Heavy Hand Weapon (A3, AP(1))	Hero, Royal Legion, Tough(9)	30pts

SPECIAL RULES

Bane in Melee Aura: This model and up to 3 friendly units picked before the start of the game get Bane in melee. If this model is killed, picked models that are deployed lose the rule. This effect lasts until the first wave of reinforcements is deployed.
Breath Attack: Only one use per game. Once per activation, before attacking, roll one die. On a 2+ one enemy unit within 6" in line of sight takes 1 hit with Blast(3) and AP(1).
Indirect when Shooting Aura: This model and up to 3 friendly units picked before the start of the game get Indirect when shooting. If this model is killed, picked models that are deployed lose the rule. This effect lasts until the first wave of reinforcements is deployed.
Mend: Once per activation, pick one friendly model within 3" with Tough, and remove D3 wounds from it.
No Retreat Aura: This model and up to 3 friendly units picked before the start of the game get No Retreat. If this model is killed, picked models that are deployed lose the rule. This effect lasts until the first wave of reinforcements is deployed.
Perforate: Ignores Cover, and on unmodified results of 6 to hit that aren't blocked, this weapon deals 1 extra wound.
Piercing Spotter: Only one use per game. Once per activation, pick one enemy unit within 36" and in line of sight of this model and roll one die, on a 4+ place a marker on it. When attacking, friendly units may remove markers from their target before rolling to block to get +AP(X), where X is the number of removed markers.
Resistance Aura: This model and up to 3 friendly units picked before the start of the game get Resistance. If this model is killed, picked models that are deployed lose the rule. This effect lasts until the first wave of reinforcements is deployed.
Royal Legion: This model gets +3" range when shooting and moves +3" when using Charge actions.
Royal Legion Boost Aura: This model and up to 3 friendly units picked before the start of the game get Royal Legion Boost. If this model is killed, picked models that are deployed lose the rule. This effect lasts until the first wave of reinforcements is deployed.
Scout Aura: This model and up to 3 friendly units picked before the start of the game get Scout. If this model is killed, picked models that are deployed lose the rule. This effect lasts until the first wave of reinforcements is deployed.
