INTRO

The Gangs of New Eden are various factions of violent and deranged outlaws that wage eternal gang wars on the streets of New Eden. These gangs are joined by mercenaries which are not bound to any particular gang, and which fight for anyone that can provide riches or a worthy cause.

SPECIAL RULES

Ambush Aura: This model and up to 3 friendly units picked before the start of the game get Ambush. If this model is killed, picked models that are deployed lose the rule.
Badlands Hunter: Enemies that roll to block hits from this model's weapons take 1 extra wound for each unmodified result of 1 that they roll.
Badlands Hunter Boost Aura: This model and up to 3 friendly units picked before the start of the game get Badlands Hunter. If this model is killed, picked models that are deployed lose the rule.
Bane when Shooting Aura: This model and up to 3 friendly units picked before the start of the game get Bane when shooting. If this model is killed, picked models that are deployed lose the rule.
Bounding: When this unit is activated, you may place all models with this rule in it anywhere fully within D3+1" of their position.
Defense Debuff: Once per activation, before attacking, pick up to 4 enemy units within 18", which gets -1 to defense rolls once (next time the effect would apply).
Precision Fighter Aura: This model and up to 3 friendly units picked before the start of the game get +1 to hit rolls in melee. If this model is killed, picked models that are deployed lose the rule.
Precision Tag(X): Once per game, during this model's activation, pick one enemy unit within 36" and in line of sight of it, and place X markers on it. When attacking, friendly units may remove markers from their target before rolling to hit to get +Y to hit rolls, where Y is the number of removed markers.
Repel Ambushers: Enemy units using Ambush must be set up over 12" away from this model's unit.
Stealth Aura: This model and up to 3 friendly units picked before the start of the game get Stealth. If this model is killed, picked models that are deployed lose the rule.
Tear: Against non-Hero units with Tough(3) or more, this weapon gets AP(+4).
Unpredictable Fighter: When in melee, roll one die and apply one effect to all models with this rule: on a 1-3 they get AP(+1), and on a 4-6 they get +1 to hit rolls instead.
