## BACKGROUND STORY

More coming soon...

## INTRO

The Gangs of New Eden are various factions of violent and deranged outlaws that wage eternal gang wars on the streets of New Eden. These gangs are joined by mercenaries which are not bound to any particular gang, and which fight for anyone that can provide riches or a worthy cause.

## ABOUT OPR

OPR (**www.onepagerules.com**) is the home of many free games which are designed to be fast to learn and easy to play.

This project was made by gamers for gamers and it can only exist thanks to the support of our awesome community.

If you want to help us in making more awesome content, you can support us on **www.patreon.com/onepagerules**

**Thank you for playing!**

## SPECIAL RULES

**Bane Mark:** Once per activation, before attacking, pick up to 4 enemy units within 18", which friendly units gets Bane when attacking against once (next time the effect would apply).
**Bounding:** When this unit is activated, you may place all models with this rule in it anywhere fully within D3+1" of their position.
**Disintegrate:** Ignores Regeneration, and against units where most models have Defense 2+ to Defense 3+, this weapon gets AP(+2).
**No Retreat:** When a unit where most models have this rule fails a morale test that causes it to be Shaken or Routed, the test counts as passed instead. Then, roll as many dice as the number of wounds it would take to fully destroy it, and for each result of 1-3 the unit takes one wound, which can't be ignored.
**Protection Feat Aura:** This model and up to 3 nearest friendly units picked before the start of the game get Protection Feat. If this model is killed, picked models that are deployed lose the rule.
**Psychotic:** For each unmodified roll of 6 to hit when attacking, this model may roll +1 attack with that weapon. This rule doesn't apply to newly generated attacks.
**Psychotic Boost:** Models with Psychotic in this unit get extra attacks on successful hit results of 5-6 from Psychotic (instead of only on 6).
**Psychotic Boost Aura:** This model and up to 3 nearest friendly units picked before the start of the game get Psychotic Boost. If this model is killed, picked models that are deployed lose the rule.
**Relentless Aura:** This model and up to 3 nearest friendly units picked before the start of the game get Relentless. If this model is killed, picked models that are deployed lose the rule.
**Repel Ambushers:** Enemy units using Ambush must be set up over 12" away from this model's unit.
**Scout Aura:** This model and up to 3 nearest friendly units picked before the start of the game get Scout. If this model is killed, picked models that are deployed lose the rule.
**Self-Destruct(X):** If this model is killed in melee, the attacking unit takes X hits. If this model survives melee, after both sides have finished attacking, it is immediately killed, and the enemy unit takes X hits.
**Shielded:** Units where all models have this rule get +1 to defense rolls.
**Shielded Aura:** This model and up to 3 nearest friendly units picked before the start of the game get Shielded. If this model is killed, picked models that are deployed lose the rule.
**Unpredictable Fighter Aura:** This model and up to 3 nearest friendly units picked before the start of the game get Unpredictable Fighter. If this model is killed, picked models that are deployed lose the rule.

## PSYCHO CULTS ARMY SPELLS

Psy-Frenzy (1): Pick one friendly unit within 12", which gets Psychotic once (next time the effect would apply).
Psy-Flame (1): Pick one enemy unit within 12", which takes 2 hits with AP(1) and Surge. Roll as many dice as hits to see if "on rolls of 6" effects

**Cult Fighters** [3] - 30 pts
Quality 5+ Defense 5+
6x CCW (A1)
Psychotic

*Replace any 2x CCW:*
+5pts Pistol (12", A1), Hand Weapon (A2)
